From Ricardo Campground

Raptor Ridge

The California Department of Parks and Recreation (DPR) would like to invite you to a public meeting for the Red Rock Canyon State Park General Plan Amendment. The purpose of this meeting is to inform the public about the status of the research and planning efforts that will formally incorporate the Last Chance Canyon addition. We want to learn about your concerns and interests about the future of Red Rock Canyon State Park as it relates to this addition. The General Plan team, comprised of DPR landscape architects, resource ecologists, historians, archaeologists and park staff will be present to listen to your opinions about the park's future.

A General Plan is mandated for State Park units by the Public Resources Code. The plan becomes the primary management document for a unit of the State Park System, establishing its purpose and management direction for the future. The plan does not provide specific designs or locations of facilities but does provide a vision for the park and guidelines for future development.
